

Comments Received from the Community for  
 Parking and Access Improvements for the  
 Brookside Gardens Visitor Center

<b>Comment</b>	<b>Staff Response</b>
Consider using diagonal parking to make it easier and safer for visitors to park	During the design phase, we will evaluate diagonal parking to determine if it can be incorporated into the project.
Use better directional signage to reinforce the one-way system and direct traffic flow	An improved signage system will be included in the construction project.
Make sure there is a crosswalk at Heurich & Glenallan so pedestrians can safely cross street	Brookside staff asked for this crosswalk when the County paved Glenallan a few years ago; they did a traffic study and said there wasn't enough traffic to warrant a crosswalk. We will continue to pursue the issue with the County.
Would the seating on the South Terrace encourage picnicking and make people linger too long?	The site will be monitored by Brookside Staff and picnicking is not allowed.
Can Brookside Gardens get bus service? ( <i>comment received via email</i> )	Staff has requested this service in the past, but will make the request to the transit authority again.
